CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

Soviet Style Class War for U.S.A.

Do You Want to be Murdered ?

Joseph Stalin, in an address before a group of Communist leaders from America and published by the Communist Party of the United States under the title "Stalin's Speeches on the American Party" said:

"I consider that the Communist Party of the United States is one of the few Communist Parties to which history has given decisive tasks from the point of view of the world revolutionary movement. The revolutionary crisis has not yet reached the United States, but we already have knowledge of numerous facts which suggest that it is approaching. It is necessary that the American Communist Party should be capable of meeting the moment of crisis, fully equipped to take direction of future class wars in the United States. You must prepare for that, comrades, with all your strength and by every means. You must face real revolutionary cadres and leaders of the proletariat who will be capable of leading the millions of American workers toward the revolutionary class wars."

Klein Corrects News Item

Dear Sir:

In your issue of May 27th, you say "Mr. Klein's health forbade him to work on the appeal."

Before I entered the Mertig-Elmhurst case, they had a lawyer engaged on their appeal and paid him a retainer. I brought half a dozen motions and demanded their release on bail each time, the last motion only two weeks ago, after I was no longer their attorney. The lawyers on their appeal were engaged by Mr. Brand.

Yours, — HENRY H. Klein

U. S. Sub Warfare Was Total: Nimitz

NUREMBERG,—Adm. of Fleet Chester Nimitz informed the War Crimes Tribunal that the United States conducted unrestricted submarine and air warfare against Japan throughout the war, sinking enemy merchant vessels without warning.

Adm. Nimitz described the allout American submarine policy in the Pacific in an affidavit answering questions submitted by Grand Adm. Erich Raeder, German naval chief. Raeder sought to prove that German submarine policy was no worse than American practices.

ISSUED DECEMBER 7

The American Chief of Naval Operations stated that orders for unrestricted air and undersea warfare were issued to the U S. Navy on Pearl Harbor Day, Dec. 7, 1941. He said they were justified by the Jap attack .

American submarines did not rescue enemy survivors as a general principle if the rescue endangered them or impeded their job, Adm. Nimitz said. They did, however, frequently leave rubber rafts and provisions for the survivors.

DESPERATE ENEMY

"United States submarines were limited in rescue measures by small passenger-carrying facilities, combined with the known desperate and suicidal charcter of the enemy", the affidavit said.

Most rescued Jap survivors refused to come aboard submarines voluntarily and had to be forced to do so, it stated.

Adm. Nimitz stated that Jap merchantmen "were usually armed and always attacked submarines by any available means when feasible."

Dr. Walter Siemers, Raeder's attorney, announced receipt of the affidavit, signed by Adm. Nimitz in Washington on May 11.

Mertig Appeal Before Court; Decision Soon

Attorney Holmes and Pellett Hopeful—Big Rally For Quinn—LaGuardia Loses Radio Sponsor —L. G. "N. G."

NEW YORK, June 2, (Special),— Alfred S. Holmes, Esq., the attorney of record for Kurt Mertig and Ernest F. Elmhurst, the "framed" Christian defendants now serving a six-months "misdemeanor" sentence as a result of Jewish persecution, will himself appear tomorrow in Brooklyn. Mr. Holmes postponed his trip to Europe in order to complete the case; he will be assisted by his associate, Wm. W. Pellett.

Both attorneys express their confidence in obtaining a reversal and release of the defendants. They also believe that if a new trial is ordered, the prosecution will not dare try them again, this time before a jury.

If the appeals court should sustain the conviction, by reason of powerful Jewish pressure —as some fear, these innocent men will have to complete the sentence. They might be released in one month or more, for good behavior. Of course, at great expense they might attempt further appeal in State or Federal courts.

MAY QUINN RALLY

A fashionably dressed audience of personal admirers and friends of justice and liberty packed the Brooklyn Academy of Music on the rain-swept night of May 17 in honor of Miss May Quinn, the beloved teacher who has been the object of Jewish persecution for about three years. (Recently the "mockies" induced Negro organizations in Harlem to join them in the attempted lynching).

This "Victory Meeting" to celebrate her acquittal was sponsored by the American Education Association.

To rounds of applause Dr. Milo F. MacDonald, one of Brooklyn's ablest school principals, made the masterly address of the evening on the subject of "Communism in Our Schools," and he praised May Quinn profusely. The words "Jew" and "Negro" were not mentioned by any speaker.

Noted artists of song, piano, dancing, harp and recitation combined to make the evening an event long to be remembered.

Despite her official acquittal, Miss Quinn has continued to be hounded by the unAmerican Russian Jews, and their organizations have united in "petitioning" the State Superintendent of Education at Albany, asking that she be dismissed, despite her fine record of 27 years as a civics teacher. But the law experts say it will be of no avail, since a legal appeal, after trial, is possible only by the defendant or the local superintendent. "Kibitzers" are out!

LaGUARDIA GETS THE GATE

Just as this writer expected and wrote, Ex-mayor LaGuardia has failed to make good as a radio commentator, and "Liberty" magazine has given him the gate.

Editor Edward Maher said the magazine could no longer have its name linked to Fiorello's "reckless and irresponsible statements." Publisher Hunter, when asked what policy of LaGuardia he particularly objected to, replied: "All of them. He talks about so damn many different things I can't keep up with all of them."

The notorious blatherskite is understood to have received about $2,500 a week for his air ravings. He is still the head of "UNRRA."

"JOMP" HAS PASSED ON

The death one week ago of the great publisher, Capt. Joseph Medill Patterson, of the "Daily News," brings sadness to all old-stock Americans. His famous editorial, "Watch These Trials," criticising the New Deal's persecution of the so-called "seditionists" in 1942 will long be remembered. He was buried in Arlington National Cemetery .

Communist Front Glendora Conchie Strikers Arrested

By C. LEON de ARYAN

LOS ANGELES,—I happened to be in my hotel room when the phone rang and Mary Lou informed me that David had been arrested and taken to the County Jail on a charge filed by Asst. U. S. Atty. Wm. P. Haughton against the Glendora conchies on strike there to attract attention to various evils which they wanted remiedied. The date was Wednesday night, May 29 and the next day being Memorial day, it was impossible to get the boy out of jail on bail before Friday, since U. S. Commissioner David Head would not open court nor accept bail before then.

On Friday morning I made a beeline for the bail bondsmen and negotiated for a $1,000 bond at $10 premium plus $40 for the arrangement of the bond, which makes it a very lucrative racket. Then I called on David at the jail and had him sign the application for the bond. He insisted from the start that he intended to get out when the rest of the prisoners would get out too, the idea being that the group owed solidarity to one another. I called it nonsense, but even though I negotiated the bond hours ahead of the group and had the release order signed by the commissioner at 2:30 PM, evidently, the idea of all of them getting out together proved attractive to the U. S. marshal and the jail management for they kept David in till all got out at 7 PM, thus frustrating my intention to have a talk with the boy before I returned to San Diego which I did at 6 PM.

In the morning while I entered the jail to have David sign the application for the bond I jotted down the various legends of the picket signs in front of the jail at the Broadway and Temple street entrances. The pickets also walked the line in front of the Federal Court House on Spring street. There were girls and boys carrying the signs, all of them hardly out of their teens and since boys in the teens had been drafted it was not surprising to see their girl friends picket for them.

"41 Arrests for Men Protesting Conditions akin to Slavery", read one placard.

"Religious Objectors Jailed", read another.

"We Protest Arrest of Conscientious Objectors".

Girls carried signs: "Wives and Children 5 years without Support", which naturally is quite an indictment against the Sanhedrin-controlled government for robbing dependents of their support without compensation.

"Religious Objectors Jailed, Is Conscience a Crime?", according to the Sanhedrin it is, that's why Jesus was crucified; there is no difference between Rome then and the USA now.

Reminding the world that the Nazis were not the only criminals who introduced work-slavery, "Conscientious Objectors Work without Pay in forced labor Camps".

The best of the signs read: **"Congress Provided for pay: Selective Service said 'NO'. . . . Protest means Prison".**

"Internment Camps are dangerous to democracy".

So far everything looked fairly proper, but with the approach to "democracy", which is a Communist-Jewish-Sanhedrin slogan to destroy orderly processes of government, I wonder what came next and there it came:

"RACIAL DISCRIMINATION IN THIS JAIL"

So here came the Communist Nigger in the wood pile. And in this fashion David threw away the chance he had of assuring by legal means recognition of the main point:**"Congress provided for pay; Selective service said 'NO'. ."** and he joined the Communist Front hoping to achieve by mob action what he could have better insured by legal process.

It is the business of the Sanhedrin to pull off just such "strikes" as the present one. David had a perfect record. I was his legal guardian ad litem appointed by the Federal Judge to insure his release on habeas corpus proceedings because Selective Service had violated the Act of Congress by not paying him for his work. It takes painstaking labors to create a record in the lower court that will eventually insure success of the petition in the Supreme Court. I finally dug up the points and authorities to insure the hearing in the matter, especially since the Supreme Court has recently ruled that **conscientious objection to bearing arms is no barrier for naturalization of an alien.**

The demoralization of time-killing-make-believe-work is very effective. It bore down upon David as upon the others and broke their morale. This the Communist Fronters used to instigate the strike. David fell for it and broke faith with his father and legal guardian who had carefully prepared the legal processes to achieve an improvement which would have applied automatically to all conscientious objectors. But now that David is no longer in custody of Selective Service a Writ of Habeas Corpus cannot be issued and the question which otherwise would have been adjucated at the hearing on the writ will now take years of litigation in the court of claims and may never receive the attention it would have under the habeas corpus proceedings.

Communism, Judaism, Racial "equality" by **forcing whites to associate unnaturally with colored people on equal basis that destroys the lines of demarkation the Creator established for the PROTECTION of the different races,** in other words CHAOS is the purpose of the Sanhedrin that uses the Jews, Negroes and Communists to destroy **ORDERLY PROCESSES OF NATURE AND GOVERNMENT.** And the Conchies fell for it, thus we see how "idealism" without common sense runs amuck, vitiating the ideal concept; for idealism, true idealism respects and conforms with natural LAW and proceeds in the courts in **legal due process fashion** to remedy evils, not by strikes and mob rule which merely produces choas, settles nothing and helps the Sanhedrin to rule and ruin, in the meantime.

White vs. Bell in Receiver's Court

By C. LEON de ARYAN

LOS ANGELES,—Lee Combs, attorney for Leslie E. and Methiel A. White, who are suing Arthur Bell for return of $500 and a house and lot valued at $4,500, in federal receiver's court, alleging fraud, claims that Bell operated thru two "dummy" directors who sat with him on the Board of Christ's Church of the Golden Rule. One of these directors was Lorren Andrews, attorney, former Attorney General of the Hawaiian Islands and the other, Alice E. Knapp, one of Bell's secretaries.

Combs put Andrews on the witness stand examining him, as well as later on Alice Knapp, under Section 21-A of the federal bankruptcy act. Andrews testified that he was in good health when appointed to the board and acted upon his own initiative and judgment but that later on he suffered various strokes which impaired his mental activities so that at times he would not know what he was doing, thus lending credence to Comb's charge that he was incapable. It appears that during this period of incapacity Andrews forgot what his responsibility as attorney for Bell was for he gave information to Investigator Manaugh, from the Atty. Gen. of California office, which patently constitutes a breach of confidence between attorney and client, enabling Manaugh to use this information to persecute Bell and the Church. On the stand Andrews yet acted a little strange, most likely due to his mental condition that still seems to linger.

In contrast to him was Alice E. Knapp. If that woman is a "dummy" then the prosecution lost its case already for she is not only outweighing any two of the men facing her, including Nelson, Manaugh and Combs, but in intelligence and spiritual integrity she outweighs the three added up, shaken together and throwing in Robert Kenny for surplus measure. It's a delight to listen to this "dummy" give her smiling replies, never flustered, keen in catching the meaning of each insinuating question and turning the tables on her questioners. No wonder Bell appointed her on the Board of Directors. She possesses spiritual perception as well as intellectual clarity. By seeing Alice E. Knapp perform one discovers why Bell made a success of the Church.

GIFT PARCELS FOR U. S. ZONE IN GERMANY

WASHINGTON, D. C.,—The postoffice department announced that gift parcels will be accepted for delivery to the American zone of Germany, except the American sector of Berlin, effective June 1.

Parcels may not exceed 11 pounds or 72 inches in length and girth combined. Only one each week may be sent by one person to the same addressee, the statement said.

Contents are limited to essential relief items such as nonperishable foods, clothing, soap, and medicines. No writing or printed matter may be included. The rate is 14 cents a pound. Parcels must be marked "gift parcel" and the value and contents stated on the customs declarations.

Russia, under the pretense of shipping food and wheat to France, has been burying military equipment in food sacks. This has been stored up in France in charge of Communist exiles from Spain, to be used in the Spanish civil war, which the Reds hope will destroy the existing government, including the Church.

110,000 Captive Germans Still Toiling in Italy

ROME,—Nearly 110,000 Germans remain in American and British custody in this theater more than a year after Germany's surrender.

Both American and British authorities said that no date had been set for the release and repatriation of these prisoners and added that allied troop replacements in Italy were based on retaining the Germans on work details.

PRISONERS IN TWO CLASSES

The allied command draws a technical distinction between prisoners of war (those who were seized while resisting) and surrendered enemy personnel (those who gave up of their own accord).

The Americans report they have no prisoners of war, but do have 48,223 surrendered enemy personnel. Of these, 43,722 are in labor service units, 4,255 are in cages, and 246 are in hospitals, the latter two classifications being at Pisa. The labor service units are at Livorno (Leghorn), Gorizia, Naples, Foggia and Caserta.

BRITISH HOLD 61,500

The British list 60,000 German surrendered enemy personnel and 1,500 war prisoners. Of that total, **22,000 are in cages at Rimini and Naples,** and 39,500 are in labor service units. The locations of those units are given indefinitely, described as being along the British line of communication and employed in maintenance and repair work.

The British also have in custody 13,000 surrendered enemy personnel of various nationalities, mostly Ukrainians who had fought with the Germans. The Ukrainians and the others in that number do not desire to return to their own countries at present, the British assert.

Dear Mr. de Aryan:

Please believe me when I say that I am happy to find your little paper so out-spoken in behalf of RIGHT, JUSTICE, and FREEDOM.

You seem to stop at no cost, in order to secure the FACTS, before making a statement. May God (GOOD) continue to guide you in your noble effort. Let the forces of light bring illumination to all mankind. May the spirit of peace be spread abroad. May men of goodwill everywhere meet in the spirit of cooperation. Let power attend the efforts of the brothers of humanity and may forgiveness on the part of ALL men be the keynote of this time.

Sincerely, — J. W. Mc.

Is Arthur (the Voice) Bell a Swindler ?

AN OPEN LETTER

To: ROBERT KENNY. . . . .

Present Attorney General of the State of California, and Candidate for Governor of said State

From: ARTHUR L. BELL. . . . .

President and Sole Trustee of Christ's Church of The Golden Rule, (a non-profit, religious, California corporation)

LOS ANGELES,—Over 250,000 people within the State of California—(who have, during the past twelve years, been deeply impressed by a certain concept of Christ Jesus' teachings to which I have been devoting my entire time and energies)—are considerably interested in my personable opinion—as a Christian minister—of your spiritual and moral qualifications for the governorship of this State, as viewed from the standpoint of American fair play, justice and religious freedom for all—even the so-called religious minorities. Many thousands of them, within the past few weeks, have sought an expression of my opinion and until this moment, I have refrained from committing myself one way or the other.

Not wishing to speak or act contrary to the concept of Christ Jesus' Golden Rule, to which I subscribe, it is my desire—in their behalf—to have you "personally" answer a few questions regarding the actions of certain individuals either now associated with the Attorney General's office or employed by it who have been using the vast power, influence and wealth of your office to give comfort to to various Communist—anti-Christ—and other subversive influences within our State, by persecuting a few hundred of my friends and myself and attempting to destroy some millions of dollars worth of assets belonging to our Church (Christ's Church of The Golden Rule) in order to win commendation and approval of these anti-Christ influences. . . . influences which have been as diligently at work to destroy the solid strength of Americanism here in California as they have been in endeavoring to destroy the Americanism of our fore-fathers throughout this entire nation, along with the Christly precepts upon which the government of these United States has been built and upon which the major achievements and progress of our present civilization have been erected thruout these past centuries.

I cannot believe that anyone could be presumptuous enough to run for the governorship of one, of the most advanced and freedom-loving states in this great "Christian" nation and at the same time condone the vicious anti-Christ influences which are at work throughout this State and the rest of the Union to destroy the Christian precepts of human relationship and government which have built our country into the greatest nation on the face of the earth within a period of a few short generations. Nor can I believe that you can possibly know the manner in which the power and influence of the Attorney General's office have been used by these anti-Christ influences and at the same time consider yourself worthy to become the executive head of our State.

Therefore—believeing that in some manner, "full" information regarding this matter must have been kept from you, I am taking this means of acquainting you in detail with a few of the vicious attacks by your employees upon the rights of thousands of freedom-loving American citizens who have been life-long residents of this State and whose families, in numerous instances, can trace their citizenship here in California back for a period of nearly a hundred years, as does my own family on my mother's side.

Over a quarter of a million citizens and voters within our State have been observing the antics of your employees during the past 12 months with considerable astonishment, in view of your claimed love for freedom, justice and Americanism, and somehow they cannot believe that you can actually know what has taken place and what is today taking place in the name of the Attorney General's office, but that in some way this matter MUST have been kept from your attention, or a side of the story presented to you which completely obscures the actual facts of the matter . . . .

Here are the FACTS:

In the first place, you must know the nature of my beliefs and the concept of Christ Jesus' teachings which I have been promulgating for the past twelve years, before you can know what the influence and wealth of the Attorney General's office have been trying to destroy and what thousands of hours of your employees' time and tens of thousands of dollars of California taxpayers' money have been used to attack, before you can decide whether or not you personally condone such actions on the part of your office.

Here are a few of my innermost lifetime convictions and the very essence of whatever teaching or preaching I have engaged in during said years:. . . I believe that there is but one Creator (or primal cause) of this universe, and everything and everyone therein, for if there were two or more Gods, something would have to create them and therefore there can be but One— "ONE" who is without beginning and without end; **who has always been and will always be,** as is the nature of Principle and Truth, in the same way that 2 x 2 has always been 4 and will always be 4—that which is changelessly COMPLETE!

That which is Truth can neither be added to nor taken from, but is eternally changeless and perfect. I believe that our Father-Mother-God, the one and only Creator or primal Cause of all that is, is not someone with arms or legs sitting on a large, over-stuffed throne in some distant heaven, but instead is Life, Truth, Love, Principle, Mind, Spirit, Soul—all of substance and all that substance ever has or ever will "actually" express. I believe that our Creator is omniscient, omnipotent and omnipresent and that there is nothing besides God (Good) in spite of the myriad illusions of the so-called carnal or mortal mind's seeming five physical senses.

I believe that we live and move and have our being in God (Good) and that there can, in actuality, be nothing but perfection in all of the universe in spite of the Adam dream of "mist" -ification which seemed to arise over the face of the earth and declare the existence of both good and evil-spirituality and materiality—life and death—health and disease—substance and poverty—gentleness and brutality—generosity and greed— beauty and ugliness—etc, etc. . . . and I am fully convinced, from the revelations of Truth which have come into my experience, that right where poverty, imperfection, disease, evil or death seem to be—(if one knew enough of God—Good)—changeless perfection would be found to exist.

I believe that all of Christ Jesus' healings (so-called miracles) were the result of his having eyes too pure in their capacity to behold the evidences of the perfection of God's Universe, to behold evil, and can be traced to his unshakable love of purity and perfection and his understanding of the changeless, universal laws supporting the eternal perfect life of all that God has created and his conviction that what God (Good) did not create, cannot actually exist except as a figment of one's imagination and illusion or distortion emanating from the "mist"-ification and ignorance of the so-called five physical senses, an awakening from which would disclose a perfect expression of Life, Truth, Love or Principle, at the exact spot where the seemingly carnal senses describe evil, disease, poverty, imperfection or death.

Above and beyond every desire that has ever reached my heart, or my consciousness, is the determination to learn to see mankind and God's universe in the way that Christ Jesus saw them, and to learn to love perfection enough to not only awaken from the Adam dream myself, but to serve in some little way to awaken those around about me to the eternal perfection and abundant good of God's indescribably beautiful and wondrous universe. I believe that we live and move and have our being in the midst of that perfection and that God (Good) fills all space and there is naught outside of Him.

I believe that man was never born and will never die, in spite of the various dreams or mortal illusions, including so-called birth and death, which seem at the present time to obscure the eternal nature and perfection of Life from our consciousness. I believe than one can learn to be sufficiently grateful for all of the beauty and goodness in God's universe to gradually unsee, or melt away to its native nothingness, all imperfection as the rays of the sun disperse the fog and that if the desire in one's heart to know God (Good) and to learn to be obedient to the laws of a perfect universe is strong enough, that those laws will guide and direct one's life along the pathway leading to the perfection which the world describes as heaven. I am equally as firmly convinced that there is no possible means by which to die into heaven, crash the gates, or get there in any other way, without first learning to love God (Good) with all one's heart and to love one's brother as one's self, as Jesus taught. There could be be no harmony in a world or a heaven of greed, selfishness or brutality, and no joy in a world of comeptitive "getting" in place of "giving" or pressing forth (manifesting) the many expressions of Life and Truth and Love, from the infinitesimal to the infinite.

To spend one's life in "getting" is to tear down and destroy—to "give" is to build and press forth one's capacities for good—for spreading happiness and joy in the lives of men.

Man, to express God, must express the protecting love that is God and must try to help, not to hurt—must try to build, not destroy—to unfold ever more beautiful expressions of Life and Truth and Love, not to devour or tear down everything in sight. . . . and man, to find his heaven—his harmony—must first find God (Good) and the joy of doing unto others as he would have others do unto him.

Such lessons are not learned by wishful thinkers, but only by diligent doers of the word of God. Putting on the Mind that was in Christ Jesus is not alone a matter of psalm-singing and praying, but primarily has to do with living such teachings and ceaselessly endeavoring to encourage others to do likewise.

I have not found it any easier to seek to put on that Mind that was in Christ Jesus and to give up the world and its so-called flesh-pots and entrapments of the five physical senses, with their greedy, insatiable appetites for "getting" than has any other human being, throughout these last nearly two thousand years, who has attempted to follow in the footsteps of the Master Christian. . . but the difficulties to be encountered in such a journey, from physical sense to spiritual discernment, have seemed much less important than the wisdom to be gained from finding God; and no doubt I have been as clumsy in following what is actually a very clearly marked trail from so-called matter to spirit (from a love of materiality to a love of sprituality) as has the clumsiest of those who have sought to find or acquire "the Christ Mind".

Jesus said, "Why callest thou me good?" There is only one who is good and that is the Father who dwelleth in heaven (in perfect harmony), nor do I know anyone else who sincerely seeks to understand Christ Jesus' teachings to ever consider himself, at this stage of unfoldment, to have demonstrated the capacity to be called good. . . . but that does not preclude one from seeking to express as much of God (as much of Good) as one can comprehend and demonstrate the character to express. This I have sought to do, to the best of my understanding—for many, many long years.

If others who have lived more materialistic lives and who have had less opportunity for spiritual unfoldment, find it difficult to understand my ministry and the teachings to which I subscribe, at least I should—in this great Christian nation—be allowed to both illustrate and preach such spiritual teachings as I have been privileged to receive throughout my lifetime; especially since such teachings ceaselessly endeavor to encourage those around about me to do unto others as they would have others do unto them and to bend their every energy each day to expressing as much of God (Good) as they can comprehend and to make the trail a little smoother for those who will follow after us.

I believe that Christ Jesus gave, in one sentence, "Therefore all things whatsoever ye would that men should do to you, do ye even so to them," (Matthew 7:12), the answer to all of the superstition, greed, poverty, crime, brutality and war that has ever ensnared the human race throughout its centuries of carnal mind history. With every beat of my heart, I grow increasingly convinced that it would take but a short step for the entire human race to go from a world of heart-breaking seeming poverty, ugliness and brutality into the heaven that Christ Jesus stated was here **at hand** whenever men would learn to do unto others as they would have others do unto them.

IN PRAISE OF LEMONS

(Concluded from last week)

For an enema put the juice of a lemon in two quarts of lukewarm water.

Rub your cheeks and other parts of the face with the skin and fibre of a lemon for a healthful treatment, and save on the cost of face powder which often contains poisonous substances.

Gargle with straight lemon juice if there is a sore throat or threatened diphtheria. Mix equal parts of lemon juice and honey and drink a teaspoonful at a time if there is trouble in the larynx.

Dry the skins of lemons and oranges in the oven or over the stove, and grate them to add flavor to many foods.

Take the juice of a lemon in a glass of water every morning and every evening for whatever ails you, for a congested liver and threatened gall bladder trouble.

Make salad dressing of one part lemon juice, one part honey and two parts olive oil.

You are not likely to extol the lemon too highly. Hot lemonade for a parched throat and in fevers. Sweeten it with honey,if desired, but never with refined sugar.

Use lemon juice, an organic acid, instead of vinegar, and inorganic destructive acid.

Freshly impressed lemon juice will **prevent and cure scurvy. It is excellent in rheumatism, gout, sciatica, and arthitis.**

It has a valuable supply of potassium, which give suppleness to muscular tissues. Potassium plays an important part in the formation of glycogen from glucose, of fats from glycogen, and of proteins from peptones and proteoses. Potassium is also a predominant element in the red corpuscles of the blood and in the brain, and has a good deal to do in the generation of nerve energy.

Lemons also contain a valuable supply of calcium, the element largely used in the building of teeth and other bones and keeping them in repair.

Lemons also contain a fair supply of magnesium, which gives hardness to the enamel of the teeth, in the preservation of lung tissues, in maintaining the natural fluidity of the blood.

In the lemon we have also a good supply of phosphorus. Phosphorus is needed in the formation of lecithin, which is essential to good respiration, therefore, we can see how foods containing this element can be useful in asthma, bronchitis, nasal catarrh.

The "Big Three" Ringed Circus

Join the march and flount your freedom,
With your battleflags unfurled,
Build a hell and promise heaven,
In a new and better world.
Beat your chest as did the savage,
And of all your virtues sing,
Question not if what you're doing,
Is a great or little thing.
But so long as there are many
Of your kind, be not afraid,
For the world is one big circus,
And a clown leads each parade.

CHATS WITH GLADYS

"Honi Soit Qui Mal Y Pense"

FASCINATION OF VICARIOUS ACHIEVEMENT

"How does it come, Kosti?" asked Gladys, "that 70 evil minds, whom Henry H. Klein calls the Sanhedrin are able to control the world?"

"Because of the peculiar stage of evolution humanity finds itself today."

"What I cannot understand is how people who have read the Life of Jesus and how He loved the Truth, yet can be fascinated by killing other people."

"The same reply, Gladys, covers this phase, too."

"But are we not all children of God, how, then, do so many enjoy being cruel?"

"Child, you did not grasp the lesson of Creation of Man yet."

"Then go ahead and tell me. It worries me very much to see what is going on and how supposedly intelligent people in Germany rooted for Hitler and supported his concentration camps actrocities, while even our Americans fell prey to sadism, burning Japs alive on Okinawa and dropping Atom bombs on Hiroshima and Nagasaki."

"The answer is, my child, these entities we call people are not really human yet. They are wild animals who have evolved to appear in human shape, but, while enjoying the experience don't know the beauty and loveliness of being human."

"But they are children of God, are they not?"

"All Life is from God, but many have departed a long way from God."

"How can that which comes from God, depart from God?"

"It has to separate itself from the Father first before it can individualize and be a self-reliant entity endowed with all the powers of the Parent."

"And during this transition do they have to become devils and murderers?"

"Not necessarily, but they are free to become anything they fancy."

"Do you really mean fancy, Kosti, when you use that word?"

"But certainly. This is creation to become what one fancies. All creation is fancy. That's how it starts. The Father fancies Himself a Parent with numberless offspring, so the germs of Life come forth from Him and what they fancy becomes manifest too, and this is you and I and the numberless worlds we have built in our fancy. Everything you see and meet is the result of it, individually and collectively."

"But how does it come that Jesus was so good, while the Sanhedrin are murderers and Devils?"

"Because that's what they fancy. The people you see around you fancy themselves smart by using the intelligence of others, but in fact are very dumb and helpless. How many can build a car from the mine and forest to the finished product they drive. How many housewives who listen to the radio understand the mechanics of a vacuum tube and electronics, yet they use them and consider themselves as civilized as the radio engineers. Just so, the people you see are yet wild animals, like the Russians who grab watches in Europe. Those Russians are called human beings, but they are only potentially so. They are herd animals like bulls and stallions on the range. They rape every female they meet. Do you call that human?"

"I begin to see. So even our Americans who go to war, who support and consider war a periodic necessity are like the Russians, wild animals who fancy themselves human, but are far from being human yet?"

"Now you are catching on, Gladys. These entities in human bodies are like Truman and his cannibalistic dance of joy when he was told that the Atom bomb killed off hundreds of thousands of Japs instantly and will kill off twice that number slowly thru effects of radiation. Truman is a murderer at heart, so it came out. Power to his fancy means murder. The Russian peasant women fancy themselves police women. They take a tommy gun and direct traffic. Power is the power to kill in their fancy, not to give life as mothers."

"Then all the evil we meet is because people pretend to be civilized but are yet like the Russians, wild savages who fell heir to the instruments of American ingenuity lend-leased to them by FDR and the American taxpayers?"

"That's the picture, Gladys. The world fancies itself civilized, they have not as yet made the fancy real. They enjoy vicarious Christianity, they love to pretend to being enlightened and call themselves Christians, but it is only vicarious. It will take generations and generations until these murderers of animals and people will taste the real joy and power of Christian Love. Until then they'll pretend to intelligence but are the animals we see them. Brutal, murderous Nazis, Commies, Purim Jews American "veterans" who burn Japs alive and cannibals like Truman who serve the Devil, hence the Sanhedrin.

Massachusetts Goes "Negroid"— D. A. R. Remains White .... If Coolidge Were President

WASHINGTON (Special), May 24,—Massachusetts—once a great white State, home of famous Americans—has been betrayed by a white-livered legislature. It has yielded to demagoguery and voted to make the State Negroid.

It adopted that treacherous scheme of the Reds—the "F. E. P. C."— to compel employees to select Negroes over whites, Jews over Christians, foreigners over Americans, etc.

Although the secret motive of the Reds in pushing this vicious legislation is to enable them to plant Red workers in every factory, the early effect of the law will be to attract to the old Bay State a gigantic migration of lower class Negroes, natural meat for communism.

Put this down as a triumph for Red Jewry, for the Negroes alone could not have brought about this revolutionary destruction of age-old immemorial white rights without the dynamic aid of this fanatically persistent and amazingly energetic group.

Anyway, these two groups were united in browbeating the Massachusetts lawmakers, and, although it was a New Deal party measure, the subversives were able to coerce enough Republican members to sterilize and anesthetize most of the opposition party, just as they did in New York and New Jersey.

THEY BETRAY LINCOLN

New York and New Jersey, rapidly becoming known as the **"Black States of the North,"** are now joined by Massachusetts, in the movement toward **racial amalgamation,** which Lincoln so sternly opposed in his great speech at Springfield, Ill., on June 26, 1857.

Said Lincoln: "What is a natural disgust in the minds of nearly all white people at the idea of an indiscriminate amalgamation of the white and black races. . . . A separation of the races is the only perfect preventive of amalgamation; but as an immediate separation is impossible the next best thing is to keep them apart where they are not already together. IF WHITE AND BLACK PEOPLE NEVER GET TOGETHER IN KANSAS, THEY WILL NEVER MIX BLOOD IN KANSAS."

The great statesman then went on to urge **colonization of the American blacks** in their ancestral home of Africa, and regretted that no party had taken it up as yet. He compared the proposition to the migration of the Israelites from Egypt, and said it could and should be carried out.

He repeated his idea in 1863, after he had freed the slaves as a war measure.

D. A. R. REMAINS WHITE

Thank God for the Daughters of the American Revolution, whose great convention at Atlantic City was upholding Americanism, on the very days when the cowardly legislature of Massachusetts was selling white Americans down the river!

Thank God there is one body of old American fighters which "foreign influence" cannot penetrate! They chanted as they met—"Let us guard the old landmarks!"

I am proud to have two sisters who are members—one goes up on our father's side, the other via mother's, all our ancestors tracing back long before the Revolution.

The 4,000 delegates at Atlantic City voted solidly, with only one dissenting vote, to sustain their officrs in keeping the **"white artists only"** clause in renting Constitution Hall in Washington or in relaxing it if they so chose.

Their handsome and brilliant President- General, Mrs. Julius Young Talmadge of Athens, Georgia, properly castigated Mrs. Clare Booth Luce, the Congressional demagogue, in opening the convention.

"Politics and publicity," she charged, "have lurked behind every curtain in every attack on our management of Constitution Hall."

In her final address, she said: "Those of our membership who attempt to use this society to their own selfish advantage, who stir up discord, and who try to use the D. A. R. for politics and headlines, and who go so far as to attempt to destroy any of the splendid programs of the D. A. R. openly or secretly, will be exposed.

"We will not be intimidated, neither will we be stampeded; and we will fight fire with fire. We have not done so until now."

One of the great spirits of the Convention, Mrs. Grace L. H. Brosseau, honorary president-general and chairman of resolutions, and head of the Connecticutt chapter from which Mrs. Luce resigned, voiced the Daughters' opinion of Mrs. Luce, when she told reporters:

"We respect the opinions of the members who have worked with the D. A. R. a long time, but when a person who never worked for the D. A. R. forms a dissident committee, it doesn't rank. It just isn't. Down the hatch! Into the ashcan."

What a contrast that real American convention was to the Y. W. C. A. and Y. M. C. A. conventions, infiltered and intimidated by Red Jews and Negroes, which met in the same city a few weeks ago and VOTED TO BECOME NEGROID!

G. O. P. SHOULD FOLLOW

The G. O. P. Republicans should follow the example of the D. A. R. and take the Daughters' resolutions as a model!

The ladies had the bravery to commend the Committee on Un-American Activities of the House of Representatives, the F. B. I. investigations of Communism, etc. They supported the United Nations' efforts toward peace, but WARNED AGAINST confusing it with a plan for world government!

They also undertook a campaign of education to teach Americans the difference between the terms "DEMOCRACY" and "REPUBLIC."

IF COOLIDGE WERE PRESIDENT

When Calvin Coolidge was governor of Massachusetts the policemen of Boston struck and left their posts. Governor Coolidge called out the militia, said "you policemen have no right to strike against the government. Those of you who do not return to your work within a stated period will be out your job and will have to seek other work."

Those who stayed out NEVER got their jobs back, and this courage and statesmanship on Coolidge's part made him vice-president and later President.

If Cal were President, instead of Truman, he would have called in the rail union heads and said: "See here, this crisis is due to the conspiracy you and FDR hatched up years ago. Unless we stop this foolishness, the people will throw us both out. And—

"If you stay out beyond 24 hours, I shall order your arrest. I shall call upon loyal patriots among your members to man the trains; the trains will run; and Congress will pass laws to prevent this anarchy. You are a small minority. I stand for the whole people."

PEACE PAYS BETTER THAN WAR

STOCKHOLM,—Sweden is the Shangri-la of Europe today, a cash-and-carry wonderland through whose well-filled show windows a hungry continent looks in awe.

This is the country that said "no" to war, and is now reaping the peacetime payoff. Its manpower is undiminished, its dwellings are whole and its industries are carrying on the "business as usual," a policy Sweden has followed through more than a century and a quarter of pacifism.

And the people of other lands who once cursed her for failing to join in the battle against Nazism are standing in line to buy her products. They do it through necessity rather than desire. — Hal Boyle

Confessions of a Sadistic Pervert

ELSA MAXWELL'S PARTY LINE

By Elsa Maxwell in The NEW YORK POST Thursday, August 10, 1944

". . . . . No, I am firmly opposed to the vivisection of our true friend, the dog—though we make a mockery of the word. To replace dogs we love I would suggest that we vivisect that master breed of animals, the Nazis and save our fourfooted friends for a happier fate.

"Why not take the entire Nazi Party? What better punishment could be theirs than to forfiet their lives and save mankind, which they have tried to destroy?

"If I had my way, I would take 80 million subjects for dissecting and vivisection and make a scientific clean-up from psychiartry to surgery and force the Germans at last to do something constructive and helpful for the betterment of the world and the human race."

(Press Alliance. Inc)

An indication of the unwise leadership being furnished certain Jewish communities is found in a current issue of the California Jewish Voice, a weekly newspaper edited by Samuel Gach, in which the editor refers to the Palestine riots, and then concludes: "Jews who shoot have discovered the scientific approach against anti-Semitism."

REVIVAL OF THE PURIM

The above words written in 1944 were again repeated in different form by the American Hebrew of March 1, 1946. The Hebrew advocated a PURIM clean-up of all "anti-Semites" in the USA as Mordecai did in Persia when uncounted thousands of victims were murdered by the Jews.

Please note that Elsa Maxwell makes no differentitation between "Nazis" as **particular individuals convicted of crime,** but lumps them all together regardless of what part they played willingly or forcibly in ruling Hitler's domain. And not only that, just **being a German,** one of the 80 millions, is enough **crime in Elsa's eyes** to subject one to **living tortures of dissection.**

This type of hateful, sadistic perverts, like Elsa, are now streaming by the hundred thousands each year into the USA. Under the leadership of the Anti-Defamation League, the anti-Nazi League and the American Hebrew they are preparing the soil for an American Purim "feast" as they already advocate and publish it in their controlled press while Americans are asleep and finance them.

Philip Murray, who is head of the Steel Workers Union as well as the CIO, failed in his attempt at the recent conference of the Steel Workers to have the Communists thrown out.

Stalin's Russia is now more powerful and more influential in Iceland than we are.

Hore-Belisha, the British Jew who was formerly the Secretary of the British War Department, is now in Washington. D. C. He lives in great luxury, and is obviously a man of extreme wealth. It is said that he gained this wealth by making indirect profits on Army uniforms for the British soldiers .

Congressman John E. Rankin is cooperating with a committee of Fundamentalist preachers in a fight to get radio time for old-fashioned Bible-believing, gospel preachers. The Wood-Rankin Committee recently heard complaints from gospel preachers who have been put off the air and replaced by modernist preachers with left-wing tendencies. The delegation which represented something like 6,000 preachers was led by Rev. Harvey H. Springer of Denver.

Members of Congress should take a look at the balance sheet in Italy since 1944. They will find on it that the United States is exporting heavily TO Italy. And Italy is exporting heavily TO Britain.

They will find that the control commission is selling off war supplies to strange new companies at very low figures, which companies, in turn, are selling to the Italians at very high figures.

For example, tires sold to the strange new companies at $2 and $3 each go to the Italians at $300 and $400 each.

The profits? It would be revealing to examine the Jewish ancestry, membership and assets of the strange new companies now buying up Italian real estate, factories and farm land.

Strong pressure from Southern Democrats prevented Truman from appointing Robert Jackson Chief Justice of the Supreme Court.

There is a night club in Washington, D. C., which specializes in catering to white men in the company of black women and white women in the company of black men. More liquor is consumed per person, according to statistics, in Washington, D. C., than in any other area in the nation. It also has the highest percentage of illegitimate births. Hundreds of these illegitimate births represent a mixture of black and white. It will be recalled that Eleanor Roosevelt said that we should develop an American race which knows no color line. She also said while in the White House: "Every girl should learn early in life how much liquor she can carry."

While England has been trying to get her loan through Congress, the cunning French representative, Leon Blum, has already gotten France's loan through the little-publicized Import-Export Bank. There is a suspicion that Russia may try to get her money by the same route.

We all have little arguments,
This is a fact that's true;
But when you argue with a fool,
You prove that there are two.

How the Sanhedrin Ruins America

(Continued from last week)

By C. LEON de ARYAN

To produce felds the labor unions were introduced, the strike and the boycott. They are all Jewish methods of keeping up turmoil and feuds. A strike is a dog-in-the-manger method. The fellow does not quit his job but plays dog in the manger. To protect this un-American method of coercing employers, the Wagner Labor Relations Act was introduced by a Jew. While in the old countries the Jew Marx spread his poison.

By pitting the workers to fight the employers, the Sanhedrin is able to rule them both. Just now they produced Hitler, Pearl Harbor and succeeded in creating world sympathy for the Jews they had sacrificed in Poland and Germany.

They conscripted Americans to fight and turn Europe and Asia over to the Marxists. To finance the war Americans bonded themselves into debt to the Banksters and now the small businessman is being destroyed by OPA **and the strikes.**

That being accomplished, the Sanhedrin must produce military dictatorship. By the use of the Wagner Act they built up John L. Lewis to do their dirty work, and finally snared the R. R. labor unions into it, too. They built up outlaw labor racket practices during the war to produce a feud between returning war veterans and labor unions so the veterans won't have time to unite and kick the Sanhedrin out of the USA. But having succeeded to take the wealth of the nation and Jews are buying land and opportunities everywhere with the black market blood money of the war and its war bondage, now the Sanhedrin must break the labor unions to keep them from doing to the Sanhedrin what they were encouraged by FDR to do to American business.

And the suckers fell for it. Truman is a HERO. He stopped the synthetic R. R. Strike. But the nation is preparing for a "benevolent dictatorship" as even Federal Referee in Bankruptcy, Beno M. Brink stated during a lull in proceding in his court on Thursday when the R. R. strike went into effect. This learned judge on the federal bench, a Scotchman, was persuaded that what America needs is a dictator. You can see then how well the Sanhedrin guaged the mental qualities of this nation and how they get away with one crime after another. Bernard Baruch even is the head of the Atom Bomb committee. Can you beat that!

THE GERMAN ARMIES THE MOST DECENT ARMIES OF THE WAR

In Stuttgart, **Troops under Eisenhower's command, with whom his communications were not** severed, **raped more women in one week in one city than troops under Hitler's command seem to have raped in four years in all France.** For such literally seems to be the facts, however discomforting to decent Americans. The bewildering fact is emerging that the German troops of occupation, 7,000,000 of whom, according to an AP Nuernberg Dispatch of Feb. 28 1946, Justice Robert H. Jackson, chief U. S. prosecutor, wants outlawed and presumably executed as war criminals, were the most decent large-quantity troops of World War II. That they did far less raping and looting than the Allied troops can no longer be questioned.

In their behavior toward the women of conquered territories, the German troops seem actually have been the most correct and decent in the whole history of warfare. William Shirer, in his **Berlin Diary,** on June 17, 1940, in the first flush of German occupation described how many French women had fled Paris for fear of the Germans. **" it seems," he wrote, "the Parisians actually believed the Germans would rape the women and do worse to the men. . . The ones who stayed are all the more amazed at the very correct behavior of the troops— so far"** (p. 412).

After four years of German occupation, Frederik C. Crawford, President of Thompson Products, on January 4, 1945, in a "Report from the War Front," where with others the War Department had taken him on an inspection tour. said, **"the Germans tried to be careful in their dealings with the people. . . . We were told that if a citizen attended strictly to business and took no political or underground action against the occupying army. he was treated with correctness"** (p.5). In short wherever Americans have been able to investigate for themselves, they have found that however ruthless **the Germans** were with resisters and sabateurs, they **were uncommonly Christian and decent towards the women of the conquered.** They seem to have committed no more rape in conquered territories than American troops committed right here at home and in fellow-allied countries.

However, one can insist gratefully, in the matter of rape American (and British) occupation troops in Germany have not been notoriously bad. In that respect it seems true to say what Novelist John Dos Passos said of looting. "When Americans looted they took cameras and valuables but when the Russians looted they took everything. And they raped and killed" (Life, Jan. 7, 1946, p. 24).

GERMAN WOMEN TREATED AS FAIR OBJECTS OF DEBAUCHERY

The nasty charge that seems justified is that the American government and army authorities and too many of the soldiers seem to regard German women as fair objects of insult and debauchery, deprived of respect and rights by unconditional surrender. There is too much of the spirit typified by one Allied Military Government head in Munich who said, **"Rights? You have no right. You're conquered, ya hear?"** (New Republic, July 16, 1945, p. 65), and by Admiral Bull Halsey's after-dinner remark to Washington newspapermen regarding Japanese women, "I hate Japs. I'm telling you men that if I met a pregnant Japanese woman, I'd kick her in the belly."

The troops seem to treat German women so regularly and insultingly as prostitutes that if their wives were brought they would have to wear uniforms because "The GIs did not want their wives mistaken for fraeuleins by other occupation troops" (INS, London, Jan. 31, 1946). If even in France "some Frenchmen began carrying truncheons at night to protect their wives and sisters from G. I. insults," according to Time (Nov. 19, 1945), one can imagine how the re-educators act in Germany, where one serviceman writes that he shivers "at the apparent absence of basic human decency displayed by so many G. I.'s" (Time, Nov. 12, 1945).

This is only one year's record of two items shipped to Japan. Mr. Reed goes on to give us the rest of the vast figures in dollars or barrels, or tons, of aircraft and areoplane parts, petroleum, aviation gasoline, cotton, tin plate and tin scrap, refined and scrap copper, motor trucks, ammunition and machine tools. Japan paid for our merchandise of death all right. When she ran short of money we gave her some to pay with. American Financiers got our government to buy Japan's gold for $711,000,000 in good American dollars. That was not enough. When the price of gold was raised from $20.00 to $35.00 an ounce, our administration gave her an extra $226,000,000.

"Arsenal of Democracy!" What a sham, and we stood for it. That's why G. I. Joe hates us. "Arsenal of War," is what our leaders made out of us while they blabbed, "I HATE WAR." We not only armed our would-be enemies, but our chosen allies, and every little country that would accept our murderous goods. AMERICAN INTERESTS it seems not only murdered our youth but also the youth of our so-called enemies and allies.

Where are the arch-hypocrites and the grandiose Pharisees? Where are those world leaders or governments that betrayed us? Our allies and so-called enemies long declared their positions and in no uncertain terms. Let's see what other nations have been saying:

BRITAIN: "I have an empire and propose to go to any extent to hold it. With it I am a first-rate power, without it I am a tenth-rate power. My record is an open book. I will make alliances with anyone and use anyone who will help me to keep my world position. World trade is my livelihood, therefore to secure this I must scheme to monopolize, control or influence certain sections of the world. I can not stand competition. I will change governments to suit the trend of the times. But whether under a Tory, Labor, or Socialist government the King reigns. Call me a Democracy or whatever you please, but I don't believe in words; I only believe that there must always be an England and a British Empire."

Churchill offered his people no platitudes—but blood, toil, sweat and tears. Neither did he become "the King's first minister to help dissolve the empire." "THIS IS WHAT I AM," said Britain, "TAKE ME OR LEAVE ME." Mr. Roosevelt, our State Department, and we, the American People, took her.

RUSSIA: "I am State Totalitarianism. I am an iron-clad dictatorship. This is my creed and I will brook no opposition from my masses. One hundred percent loyalty or purge and liquidation. My aim is the overthrow of every existing form of government NOT LIKE MINE. My agents are EVERYWHERE WORKING FOR THAT GOAL. I believe in no religion but the the worship of the State. My masses will know what I want them to know and will read what I want them to read. Capitalism is exploitation and therefore decadent. The individual is a selfish, greedy animal that must be disciplined, controlled and led. To strengthen my position I will make alliances with anyone, if need be the Nazis or the Japanese, or the Citadel of Finance—the United States. "THIS IS WHAT I AM, TAKE ME OR LEAVE ME." Mr. Roosevelt, our State Department, and we, the American People, took her.

HITLER: "I don't think the Versailles deal was just. The German people are entitled to their place in the sun as much as the British or American. I want the German colonies back, and access to some of the raw materials and minerals of the world and some of the world trade. I will build a great army and war machine to accomplish my goal. I believe that the Germanic race is not inferior and will protect them against the Jews by driving the Jews out. My program is clear for I have written a book for the whole world to read."

For six years while he pursued his course, mountains of materials poured into his domain from all parts of the world with American Interests leading the parade.

Why Russian Women Stink

By C. Leon de Aryan

LOS ANGELES,—I met a former officer of the U. S. Army who had charge of displaced persons in Germany. What he reported makes one's hair stand on end.

The idea that only Russians rape women must be discarded. All the Allied armies raped women immediately upon taking a city or village and all of them plundered to their heart's delight. Later on the American and British armies tightened discipline somewhat, while the French continued rapine and the Russians still do even now.

He said that the Russian soldiers prefer mature women to young ones. That there is no discipline in the Russian army. That the U. S. soldiers had orders to merely arrest Russian criminals within the American zone but not use force in so doing nor punishing them for infractions. They were turned over to their own officers who seldom, if ever, bothered to find out what the arrest was for. Thus the Russians are very cocky, get away with things Americans would be punished.

In the Russian zone all German, Hungarian, Romanian, etc., men between 18 and 45 are loaded into freight trains, fed nothing, allowed only once in 24 hours to get out and relieve themselves and nobody can come near to help them because the sentry shoots to kill. All professional men are shipped to Russian slave labor camps, lawyers, doctors, dentists, business men, teachers, officials, clerks, etc. Anyone whose hands don't show callouses. In these camps they are killed within one year, none lives two years since they are systematically starved and overworked.

When the Russians take a town they immeditely line up the local Communists and shoot them on the theory that they are traitors who betrayed their government and therefore would betray Stalin as well as the opportunity would arise.

While the Russians rape every woman regardless of age, preferring fat and middle aged ones, the American soldiers keep away from the Russian women who were imported into Germany as slave workers by the Nazis and refuse to touch them. Not for fear of infection, since they use profilactics, but because the Russian women stink so "that even a soldier won't touch one and if a soldier won't that is going some, for otherwise they take on any skirt they can get hold of," said our friend.

The reason is those Russian women never bathe, and aside from the body smell they have no idea what a douche is for and the boys found out that they, too, stink for a week after using a Russian wench; that curbed their appetite.

Russian soldiers have little respect for their officers. All of them jerk their bodies continually to relieve themselves of the lice bites. Officers on work details have a hard job making the Russian soldiers work and obey orders.

Having seen the devastation of Germany and that no German is safe, even at present, because soldiers and officers may "requisition" at will whatever they demand inspite of "discipline" our friend disapproved of my actions in denouncing the U. S. war criminals during the war, saying that once war is started all must fight to prevent what happened to Germany from happening to us.

I completely disagreed with him. Crime is crime before the war, during the war and after the war. By indoctrinating people with the notion that once in war, anything goes and all must fight, made it possible for the Sanhedrin to pull off Pearl Harbor and pull off "Hitler" regimes in Europe and produce war and chaos, destroy faith in one another and rob all the people.

OPEN PATH OR GIFT FROM U. S. FOR HUNGARIANS

BUDAPEST,—Stanley L. Sommer, chief of the UNRRA mission to Hungary, said that a new relief distribution agency had been formed for Hungary to handle donations by private groups. Sommer heads the agency which was formed to meet Russian objections to church sponsored distribution of relief. A 250 ton shipment from the Catholic Welfare society in the United States recently was delayed in Austria because the Russians would not grant clearance if it was to be distributed by Cardinal Josef Mindszenthy or any Catholic agency.

"Can you really prove that you were born?" asks one inquisitive federal agency. No, but we understand that we were. At least we feel fairly certain we were not hatched.

Rumor has it that Rev. (?) Leon Birkhead and Rex Stout, heads of the so-called Friends Democracy can't sleep nights for fear that something will happen to Gerald L. K. Smith. They are in the process of collecting one million dollars to fight the Smith enterprises. Should Smith be assassinated or otherwise drop out of the fight, the Birkhead-Stout outfit would be ruined financially .

FIGURES SHOW PALESTINE 57 PERCENT MOSLEM

JERUSALEM,—Palestine's population at the end of 1945 was made up of 1,035,000 Moslems, 553,000 Jews, 139,000 Christians, 67,000 Bedouin Nomad tribesfolk, and 15,000 others according to official figures just published here. This shows 57 percent of the population is Moslem and 30 percent Jewish.
